THE NEW COMMERCIAL EPOCH.

The readers of the *Herald* must have been struck by the extraordinary fulness of the first news by the new steamship line to China. The news brought by our special telegrams from China and Japan will have reached London twenty days in advance of the date at which it would have been received there by way of the Cape of Good Hope or the Isthmus of Suez.

The arrival of the Colorado at San Francisco on the 20th of March, on her return—the first round trip ever made by a steamship—from China and Japan, and the instantaneous transmission of her news to Europe by way of San Francisco and New York, suggest a prodigious revolution in the commercial history of the world. As it has been ascertained that the electric current can be transmitted to a distance of three thousand or ten thousand miles as surely as that of one thousand—in fine to any requisite distance, it is not unsafe to predict that ere long the success of the grand experiment of an Atlantic cable will be rivaled on a still grander scale by a Pacific cable from San Francisco to the Sandwich Islands, and thence to some point on the shores of Eastern Asia. With this, to say nothing of the Russian cable, and with the telegraphic lines stretching across the American continent, not only will political but financial news of the utmost importance be speedily conveyed around the globe. The rates of exchange at any time and at any point will be so immediately and so generally understood at every other point that every merchant everywhere can be his own financial agent.

The transportation of the immense products of Oriental Asia and of the great Archipelagoes, with their inland continents lying to the south of Asia, must inevitably find its way to San Francisco, while the bulk of European commerce will come to New York and the commerce of the American continent will flow out from these two points to the rest of the world. Thus the two great commercial centres will be New York, the Queen of the Atlantic, and San Francisco, the Queen of the Pacific.

Meanwhile our railroads between the Atlantic and the Pacific will build up a line of flourishing cities that shall enliven even the intervening deserts, as in ancient times the traffic of Asia, passing across Asia Minor to the Mediterranean, built up along the old camel routes in Syria the marble cities of Baalbec and Palmyra, together with those on the Mediterranean coast.

In this broad and world embracing view of the subject the primary importance of steamship lines between San Francisco and other points on the Pacific and Eastern Asia stands out in bold relief. The initial experiment shows what may be done. Whatever obstacles may intervene, whatever delays may be occasioned by extravagance or mismanagement or playing with stock after the battledoor and shuttlecock fashion in Wall street, the great object of establishing steamship navigation between our Pacific coast and Eastern Asia will ultimately be attained. To this end and for the promotion of the interests of steam navigation on the Atlantic as well as on the Pacific it will be right and requisite to encourage American steamship lines, not indeed, as one company has weakly asked, by guaranteeing its bonds, but by all more legitimate and effectual methods. For years past France has emulated England in fostering and developing the mercantile marine. But in our country this has waned not only for want of encouragement, but in consequence of positive legislative discouragement. Thus all American vessels which had sailed under a foreign flag during our late war were prohibited from coming back under their own; and this is one reason why American trade is to so lamentable an extent confined to foreign bottoms. Surely this ought not and need not so to be. The success of the French steamships should stimulate our rivalry, and American steamship lines should at once be established. This country is not only politically on a broader and firmer basis than before the war, but commercially it is about to enter upon a new epoch of power and prosperity, distancing all competitors and eclipsing everything in the record of the republics and empires which have passed away.—*New York Herald, April 1st.*

QUOTING SCRIPTURE.—At a public school the Inspector asked the children if they could give any text of Scripture which forbade a man having two wives? One of the children sagely quoted in reply the text "No man can serve two masters."

WHY is a newspaper like a wife? Because every man ought to have one of his own.

FAILURE.—A. Levy & Bro., San Francisco, failed on Saturday for $10,000.

The Florence received the only premium awarded by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, MAY 8, 1867.

NOT MUCH.—The "reliable" correspondent of the *Herald* in his letter of the 3rd says that the "Dutch Flatters are down on Gold Runners, and each locality is willing to make a combination with Colfaxites to clean the other out." This is certainly news to us. We were aware that the two places had candidates for responsible county offices, but that that fact would induce either to enter into a combination detrimental to the other, did not believe, nor do we believe it now; notwithstanding the positive assertion of the correspondent alluded to. We are tolerably certain that we *know* the gentleman who indites these effusions, and are not disposed to give his assertions the fullest credence. We do know that the Union men of each locality are anxious to do everything in their power to ensure the success of the party ticket to be presented to the people of the county, and will strive to accomplish this by nominating the best and most unexceptionable men.

REVENUE.—Those of our citizens who have been assessed by the U. S. Revenue Assessor will probably desire to know how, where, and to whom they are to remit the amounts for which they are assessed; in order to give all the necessary information, Mr. Fellows, the Deputy Revenue Collector, has inserted the requisite information in our advertising columns, which see. In this connection we had as well call the attention of owners of mining to the following section of the Revenue Law as the fact is not generally known to our miners that they are required, under certain contingencies, to pay a tax:

Forty-nine. Miners shall pay ten dollars. Every person, firm, or company, who shall employ others in the business of mining for coal, or for gold, silver, copper, lead, iron, zinc, spelter, or other minerals, not having paid the tax therefor as a manufacturer; and no other, shall be regarded as a miner; *Provided*, That this shall not apply to any miner whose receipts as such shall not exceed, annually, one thousand dollars.

VOTE OF THANKS.—At the close of the exercises of the Dutch Flat Union Sunday School, held at the Union church on May 5th, the following resolutions were unanimously adopted;

RESOLVED, That we heartily thank the Superintendent and officers of the Central Pacific Railroad for the free ride to Sacramento given to the scholars and teachers of the Dutch Flat Union Sunday School on the 2d of May. Also, the officers of the Sunday School of the First Church of Christ, in Sacramento, for their attentions and courtesy, and Professor Yanke for the music of the organ. Also, to the authorities of Sacramento county for the use of the Pavilion on that occasion.

RESOLVED, That the foregoing be published in the Dutch Flat ENQUIRER.

H. DAVIS Superintendent.
H. HUDEPOHL, Secretary.

ROAD ENTERPRISE.—A correspondent of the ENQUIRER, writing from Colfax under date of May 7th, says:

"I understand that some parties are proposing to build a new road over an entirely different route, from here to Yankee Jims. It is claimed for this route that the distance to that place will not exceed eight miles and that the total cost will not exceed $8,000. I learn that a thorough survey is now being made and if the estimates are in accordance with the above belief, that parties stand ready to take all the stock and put the thing through. From appearances, there seems to be a prospect of as much competition in the road line on that side of our town as on the other. "Opposition is the life of trade," and I for one, shall raise no objection to any of these enterprises."

The same correspondent in speaking of our jubilant Auburn neighbor, says:

"I have heard a rumor that the Placer *Herald* will shortly be removed to Gold Run. I do not believe it myself and think that the report arose from that paper jubilecing so extensively over its subscription list at that place. I think, however, that it mistakes entirely the cause of its receiving that subscription. It is nothing but a charitable act, and was intended to assist that starving journal as we have recently been assisting the starving rebels at the South. And when the Ides of September arrive that paper will find to its sorrow that Copperheads are not any thicker than at the last election."

PUSHING AHEAD.—We are told by a gentleman who has been employed on the work of the Central Pacific Railroad on the Truckee river that fifteen miles of track will be laid from the State line toward Donner Lake in the course of two months. This will bring the rails within about ten miles of Donner Lake, and it is thought now that the gap between that point and Summit Valley will be filled by the first of November. They expect to complete the main tunnel at the Summit by the first of September next, one year from the commencement; the workmen on this tunnel run sixty feet week before last, a greater distance than ever before made in one week.—The tunnel will be 1,700 feet long.

GOOD ATTENDANCE.—We are glad to see that the attendance upon the ministrations of the Rev. J. E. Benton at the Union church in this place is rapidly increasing. On Sunday evening last the audience was much larger than for many months, and the truth, as expounded by the gentleman above named was listened to with respectful consideration. Thus may it ever be.

PROMPT.—The Donner Lake House, owned by Mr. J. D. Pollard, was burned on the 23rd of April last, and the amount of insurance $4,500 was paid in gold coin on the 28th, by the Phœnix and Ætna Insurance Companies of Hartford. Such promptness in business deserve to be remembered by the people. J. T. Mathewson, is the local agent for these companies, and I. T. Coffin, solicitor.

PACIFIC MUSICAL GAZETTE.—We have received the first number of this publication from Messrs. Kohler & Co., of San Francisco. As its name indicates it is devoted exclusively to music; is a handsome quarto of twelve pages, with four pages of music. The subscription price is one dollar. The musical criticisms alone more than repay the price, besides the advantage of new music, monthly.

SPEAKER COLFAX lectured at Irving Hall, New York, on Monday evening last.

ORGANIZE.—We would suggest the propriety of the members of the Union party organizing their forces for the coming campaign. It is folly to disguise the fact that the enemy is making every preparation, in marshaling and drilling their members for the coming fight. They have been for weeks, aye, months, canvassing every precinct, canyon and gulch, for material to fill up their heretofore depleted ranks; every individual of the Democratic party seems to have considered himself a special committee whose duty it was to gather in those whose political predilections in any way favored an opposition to the principles of liberty and union, as well as those who in the slightest manner objected to the measures adopted by Congress for the reconstruction of the late rebel States. These were cajoled into the ranks of the enemy and now go to make up the numbers their party organs so boastingly vaunt of as having deserted the party that took the Government through the terrible ordeal so recently and fearfully passed. No stone has been left unturned by the latter-day Democracy whereby to add to their ranks, either through ignorance, prejudice or chicanery, until, in many instances they have succeeded, in a several places, in raising clubs that number more than even their own whippers-in anticipated. In view of the facts, and to counteract as far as possible the deleterious influence attempted to be exerted by those who have proved by years of unfaithfulness to the best interests of their country, we counsel the formation of clubs of those noble patriots who have always stood staunch to republican principles, and through them have ever held themselves ready to do battle against the avowed foes of their country and the liberty-inspiring institutions for which tee founders of the Government had no hesitation in pledging their lives, their fortunes and their sacred honors. We fight the Democracy to-day because we believe the principles they endeavor to promulgate to be at variance with the spirit and teachings of the Constitution, Right and Justice; and the measures they advocate to be detrimental to the best interests of the country and tend to retard the progress and development of the great resources of our favored country; social, political, intellectual. Because of these reasons, we are willing to do battle that our State and country shall not again be placed under the blighting shade of Democratic rule, and for these reasons we counsel a thorough organization of all the friends of Justice, Right and Liberty. Let there be no delay, but commence the work *now*, and in a few weeks the pure Constitutional men of the County will present such an array as will strike terror to those who have delighted to remain stumbling-blocks to equitable adjustments, and who hesitate no longer to proclaim their sympathy for treason. Organize, Union men, and in your majesty and strength again assert your supremacy over those who have heretofore cowed at the sound of the tramp of your victorious legions, and fled in dismay at your approach.

A CANDIDATE.—By reference to our advertising columns our people will see that Mr. L. P. O'Connor, of Cisco, will be a candidate before the Union County Convention for the Assembly. Mr O'Connor is a thorough Union man, and so far as we can judge possesses the necessary qualities for an active, influential member of the body to which he aspires.—Who are the other candidates for Legistative honors? Let them come out, that their merits and qualifications may be canvassed before the people, who are entitled to know all about them. It is a mistaken idea; at least a poor compliment to the good sense and discernment of the masses that those who aspire to legislative honors refuse or neglect to announce themselves to the *people* but are content with presenting their claims to the Conventions.—In many instances the masses have a choice in these things and should have an opportunity of *expressing* that choice so that their delegates may the better reflect their will.

BUTLER AND BINGHAM.—We have carefully read the explanation of Butler and the reply of Bingham, concerning the former that the Diary of Booth was not presented entire to the Commissioners that tried the assassins of President Lincoln, that it might go to the country, and also be used in ferreting out Booth's associates in crime. And we are decidedly of the opinion that Bingham came out "*second* best" in the encounter. He lost his temper and decency, and was justly rebuked by the Speaker and should be by the Press.

ABIJAH MCCALL, the defaulting Treasurer of Santa Clara county, and who left that county about two weeks ago, was captured by Sheriff Adams, of Santa Clara county on the road to Walker's river in the State of Nevada, and is now lodged in the jail of Santa Clara county. Sixteen thousand dollars in U. S. bonds and $2,570 was found upon him and recovered.

FOUND GUILTY.—Martin Juarex, the Mexican Indian who murdered Mrs. Elizabeth Robinson at Martinez, an account of which was published in our columns at the time, was convicted on Thursday of the murder and sentenced to be hanged.

A MISS CAMP, says the Virginia *Trespass* narrowly escaped being murdered in her bed in Virginia city on Thursday night of last week. A man was concealed under her bed armed with a knife and iron billet, but was frightened away by the screams of the woman calling for help.

ALL RIGHT.—The editor of the Dramatic *Chronicle* of San Francisco says he didn't "steal hell from the *Banner of Progress*," and that he has been acquitted of all felonious intent in that respect, for, "since, on a closer search of his sanctum" the *Banner* man "found hell at home."

WONDER why we don't get the Gold Hill *News*, now? Shouldn't be surprised if Mrs. Lynch's husband has been slandering us again, and was too cowardly to send us a paper.

THERE were forty-five deaths in San Francisco last week.

SPECIAL TO THE SEMI-WEEKLY ENQUIRER

NEW YORK, May 7, 1867.

The *Times'* special says: General Grant having ordered an investigation of the reports of the ill treatment of the soldiers and prisoners at the Dry Tortugas, they were found to be sheer fabrications.

NEW YORK, May 7, 1867.

General Hooker has been granted leave of absence for one year from the first of June, on account of ill health. General Robinson succeeds in command of the Department of the Lakes.

NEW YORK, May 7.—It is now pretty generally understood that Judge Underwood will try Jeff. Davis at the present term of court in Richmond. District Attorney Chandler who has been arranging the preliminaries left here to-night for that city. It is stated that W. M. Everett, of New York, has been retained by the Government to assist in the prosecution.

NEW YORK, May 7, 1867.

The *Herald's* special from London the evening of the 6th, says: The Reform demonstration in Hyde Park to-day was an immence affair, and numbered at least 100,000. The morning papers announced that the Government would not attempt to put down the meeting, but all the troops in London were under arms. A large force of police was concealed near the Park, and vehicles kept ready to convey them to any point in case of riot.—Fifteen seperate meetings were organized, at one of which a woman spake in favor of female suffrage. One stage was devoted to religious speeches. The most revolutionary sentiments by the speakers were enthusiastically cheered. The police passed by the crowd. The Reformers advocated order and practically carried out that idea by driving from the trees in the Park the roughs who had perched themselves in their branches. The interior press denounced the course of the government; the Tories treat the meetings as a mob victory, while the Reformers claim them as a splendid popular triumph. The bitterest feeling exists on both sides. All London is intensely excited. Some meetings are still in progress.

SAN FRANCISCO DISPATCH.

SAN FRANCISCO, May 7.

The French Benevolent Society held their annual meeting yesterday. Receipts for the year $37,041.

Frank Enas, Sarah Jane Stevens and Capt. M. H. Pinke were examined by Commissioners of Lunacy and pronounced insane, and sent to Stockton.

Frank Hanks was found under a woman's bed in a house on 3d street and being unable to give a satisfactory account of his situation he was placed in the station house to wait an examination.

Defaulting Treasurer McCall, of Santa Clara county, had an examination at San Jose today, and in default of $10,000 bail was committed to jail to await the action of the Grand Jury.

A. H. Berk, money speculator in Austin has failed for four thousand dollars and petitioned for a decree of insolvency.

In the Board of Supervisors last night Mr. Little offered a resolution that after June 3d the city adopt the eight hour system with its employes. It was moved to lay the resolution on the table. Mr. McCoppin declared the resolution was one that had no business before the Board.

This morning the *Times* published side by side an article from the New York *World* and *Alta Californian*. It was published as original in both papers but 25 days later in the *Alta*. The *Times* insinuates that the *Alta* is guilty of plagiarism.

The question of the city purchasing the water works is being mooted. Last night Supervisor Clayton advocated the measure in the Board.

Legal Tenders, 74½ to 74¾. Gold in New York to-day at 1 P. M., was 145.

THE MINSTRELS.—We mentioned in our last that the San Francisco Minstrels would appear at the Theater to-morrow evening. Since that time we have observed numerous complimentary notices of the troupe, all agreeing that their performances are chaste, as well as highly entertaining and mirth-provoking. As it has been sometime since a troupe of this character for respectability visited our town, we do not doubt but they will be greeted with a full house. The singing of Master Farron is said to be particularly fine, and the drolleries of Charley Rhodes all that can be asked for in a comical deleanator.

THE new road to Little York is now fully completed to Bear river to which place teams can now travel with ease. The remainder of the road from the river to Little York will be completed in about three weeks. The balance from Little York to You Bet we are not advised of, but understand that the contractor, Mr. Colby, is not expected to finish his portion of the road in time to connect with the Dutch Flat road.

Perry Davis' Vegetable Pain Killer,

As an internal remedy, has no equal. In cases of cholera, summer complaint, dyspepsia, dysentery, Asthma, it cures in one night, by taking it internally, and bathing with it freely. It is the best liniment in America. Its action is like magic, when externally applied to bad sores, scalds, and sprains. For the sick headache and toothache, don't fail to try it. In short, it is a Pain Killer.

PERRY DAVIS' PAIN KILLER.—This medicine has become an article of commerce, a thing no medicine has ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants as tea, coffee, or sugar. This speaks volumes in its favor.—GLENS FALLS MESSENGER. d1.

SEMI-WEEKLY ENQUIRER.

A FORTUNATE BRAKEMAN.—The Memphis *Bulletin* gives the following account of the wanderings of a boy of fourteen years of age and his subsequent good fortune:

About eight years ago a youth named Edward Griffin, left his mother's house, in Toronto, in company with two other lads, for a tour in the United States. Not one of them had at the time attained his fourteenth year, but they thought they were well able to go forth and seek their fortunes among the Yankees. The three young adventurers first visited Detroit, where they obtained situations as "bell boys" in a hotel, and after staying a short time they left. Chicago, Cincinnatti, St. Louis, and other places were visited, and when the war broke out they became separated. One of their number joined the Federal army, went forth to do battle under the stars and stripes, and was supposed to have died early in the struggle. Griffin continued to follow the pursuits of a civil life. At the termination of the war he found his way to Memphis, and the first that was really known of him here was that he, after seven years' wanderings, had settled down to steady employment, and had obtained a situation on the Memphis and Ohio railroad as brakesman. On all occasions he was regular in the discharge of his duties, and soon became one of the favorite employes of the road. He commenced to correspond with his widowed mother, and had expressed an intention of visiting Canada during the present summer, after an absence of eight years. He pursued his calling diligently, saving up all the money in his power, not having the slightest idea that fortune was about to play a pleasant freak upon him. There was, however, good fortune in store for him who had so early wandered from home, for he had received a letter from his mother requesting his immediate return to Canada, as his grandfather had died and left him a legacy of fifty thousand dollars. Such good news nearly overpowered him. He immediately tendered his resignation, and left by train for the Queen's dominions, to secure his legacy and remain beside his devoted mother during the remainder of her life, in the Kingdom of Canada that is to be.

THE EIGHT HOUR LAW.—After accomplishing their object in securing an eight hour law in Illinois, the workingmen of Chicago, the largest city in the State, do not seem to derive the immediate benefits from it which they anticipated. The new system was inaugurated a short time ago, and the industrial classes felt hopeful of securing great advantages from its adoption. But it is resisted by the employers, who refuse to allow former rates of wages, and have determined hereafter to pay by the hour. This has of course led to a bad state of feeling between the employers and employees, which may end in throwing thousands of the latter out of occupation and closing the workshops and manufactories of the city. On the first instant there was a procession of workingmen which numbered some twenty-five thousand persons, representing all the trades. This demonstration was intended, we suppose, to exhibit their strength, and thus produce a moral influence toward securing the objects of the laboring classes.

In the city of St. Louis, on the same day, there was also a large labor demonstration favorable to the eight hour law. About six thousand persons were on the line of march, with music, banners and devices. The workingmen were addressed by eloquent public speakers, and resolutions passed expressing a determination to stand by the eight hyur law.

It will require some time before the friends of the new system can fully enforce the law, and realize whether it will confer the blessings which they claim for it to all parties concerned. If it stands the test, there will be no reason why the capatilists, equally with the workmen, should not confess as much, and conform willingly to the changed condition which it introduces; but, if otherwise, the workmen themselves will perhaps be the first to make the discovery—and, when it is made, fall back upon the old system as better calculated to secure them permanency of occupation and fair rates of wages. It would be well, perhaps, for the advocates of the law in this State—while they keep up their organizations and accumulate evidence favorable to their view of the question—to delay urging the passage of such a law upon the Legislature until they can ascertain more concerning its workings elsewhere. Capital is powerful, and hard to contend against successfully. A false step made by the working man, by which the prices of labor were once reduced, might be difficult to recover, and he become a sufferer in consequence.—*Times.*

A NEW AND GRAND EPOCH IN MEDICINE.—Dr Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York. R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. jy 7 12m

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

LYON'S EXTRACT GINGER.

LYONS' EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Hartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. stamp of Demas Barnes & Co., is over the cork of each package.—None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind gails, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist) and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25, 50 cents, and $1.

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our Citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers, I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody; but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or BOX 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

MY FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer;—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against disases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir; I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty, for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the noless renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by etter or otherwise, FREE. See address below.
